About Me

I'm a software engineering student with a passion for using technology to solve complex problems. I have always been fascinated by the way that software can transform the world around us, and I'm excited to be a part of the next generation of engineers who will help shape the future.

Hard Skills

- Python
- C
- C++
- Java,
- JavaScript, Node, Express
- MongoDB
- MySQL
- Git, Linux, Bash
- Version controlling

Soft Skills

- Observation
- Critical Thinking
- Logical Reasoning
- Problem Solving
- Decision making
- Communication
- Multi-tasking
